

SZN PhD Program

PhD students supervision Training Session

Jan 23rd 2018

h. 10.30

Conference Room

Gabriele Procaccini
Giovanna Benvenuto

The Course will provide training on general supervision policies, with a focus on the Open University requirements. Dr. Gabriele Procaccini, SZN PhD Program Coordinator, will highlight the main critical points, while Dr. Giovanna Benvenuto will provide practical cases and explain best practices. This will be an interactive session where cases and practices are expected to be discussed and shared among the participants.

ALL present, past or potential supervisors of PhD students from ANY scheme are invited to attend.
Attendee signatures will be collected during the training session.
